

Office of the Collector of Customs,

Port of Philadelphia. Pa. August 13, 1895.

Hon. Herman Kretz,
Superintendent of the Mint,
Philadelphia.

Sir:

I have the honor to enclose three pattern pieces representing in design and inscription thereon the \$20. U.S. gold coins. They were found in a box of old coins imported from Hamburg by S.H. & H. Chapman of this city, and are detained under Section 3, Act of February 10, 1891.

On reference of the case to the department the claim of importers that such pattern pieces were struck at the Philadelphia Mint some years ago and disposed of to coin collectors, was corroborated.

I will thank you to cause an examination to be made of the enclosures with a view of ascertaining whether they represent the pattern pieces struck at the Mint. If they are of this character they do not come within the intent of the law of 1891 and will be released.

Very respectfully

J. L. Crilly
Special Deputy Collector:
